

WORKSHOP: OWL PELLET DISSECTION

Owls are predators and eat their prey whole... But what happens to the parts they cannot digest?

In this workshop, participants will dissect pellets collected from the Ecomuseum Zoo, reconstruct the bones they find, and ultimately reveal the diet of the owls under our care!

- Format:
- 1 At the Zoo with guided tour
 - 2 Our zoologists visit your classrooms

APPROX. DURATION

45 mins

AGE GROUP

From 2nd grade onwards

Activity adapted to age group
