

## PRESENTATION : THREATENED SPECIES OF QUEBEC : CONSERVATION PROJECTS OF THE ECOMUSEUM ZOO

We hear a lot about protecting and conserving the natural world that surrounds us, but what does that involve? Imagine yourself in the shoes of a biologist from the Ecomuseum Zoo, waist-deep in water, geared up, searching for answers to better understand and conserve our province's flora and fauna. During this presentation, you will become familiar the projects carried out by the Ecomuseum Zoo's research and conservation team and discover how you too can take action. Live animals, artifacts and other visual aids will accompany the presentation.

- Format:
- 1 At the Zoo with guided tour
  - 2 Our zoologists visit your classrooms
  - 3 Virtually

**APPROX. DURATION**  
60 mins
